MOTIF

Thrissur/ Thrissivaperoor pooram commonly called 'the pooram of all poorams' is one of the mammoth pooram festival in Kerala. Thrissur pooram started two centuries back the then ruler of Cochin, Sakthan Thampuran or Raja Rama Varma, in 1798. Sakthan Thampuran, so known for his firm and decisive administration, decided to break tradition and started to celebrate the pooram festival belonging to his region. Before the initiation of Thrissur pooram, Arattupuzha festival was the largest temple festival, which is around 12 Km from the city. Temples near the Thrissur were the regular participants of the Arattupuzha pooram until they were denied by the chief of Peruvanam Gramam due to the delayed entry of the Thrissur and Kuttanellur temple. This caused the Thrissur Naduvazhi, the chief poojari of Vadakkunnathan, known as Yogadiripad and the Kuttanellur Naduvazhi started the pooram in Thrissur. This pooram started as an act of reprisal quickly lost its charm, after infighting between the two main Naduvazhis. It required the intervention of the ruler to get this right. Sakthan Thampuran unified the 10 temples situated around Vadakkunnathan temple and organized the celebration of Thrissur Pooram as a mass festival. He ordained these temples into two groups, Western group and Eastern group. The Western group as Thiruvambady consisting of Kanimangalam, Laloore, Ayyanthole, Nethilakkavu and the Thiruvambady temple, as the main one. The Eastern group called as Paramekkavu, consisting in addition to Paramekkavu temple, Karamukku, Chembukavu, Choorakottukavu and Panamukkampilly. The pooram was to be centered around the Vadakkunnathan temple, with all these temples sending their poorams (the whole procession), to pay obeisance to the Shiva, the presiding deity. The Thampuran is believed to have chalked out the program and the main events of the Thrissur pooram festival. It is this historical background that determines the course of the pooram program and it is specifically the ruler's antipathy to the Brahmin aristocracy to open Thrissur pooram for the common man.

FOREWORD

1. The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village, Town and Ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of PCA data instead of the traditional Tahsil/Taluk/PS level Presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodities' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i) Status and Growth History of Towns, (ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. Taluk wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Censuses.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of **DR.V.M. GOPALA MENON**, Director of Census Operation, Kerala. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

New Delhi.

Registrar General &
Census Commissioner, India

PREFACE

District Census Handbook is a unique publication brought out uninterruptedly by the Census Organization since 1951 Census. The publication is widely used by Administrators, Planners, Demographers, Research Scholars and other data users. It contains village-wise and town-wise demographic and socio-economic characteristics of the district along with the status of availability of civic amenities, infrastructural facilities etc.

In earlier censuses, District Census Handbooks were published in single volume with two parts. Part-A of DCHB contained Village and Town Directory and Part -B contained Village and Town Primary Census Abstract data for each district. But this time, it is published in two volumes separately for Part-A and Part-B of each district without changing the nomenclature of DCHB of 2001. This volume contains the Village and Town wise Primary Census Abstract(PCA) along with Housing Amenities data.

From 2001 Census onwards, the software designed/created by the Data Processing Division of the Office of the Registrar General, India has been used for generation of tables. It reduced considerably the time taken for preparation of the District Census Handbooks. District Census Handbooks are published in Electronic form (pdf files) for the first time during the current Census.

I express my deep gratitude to Dr. C. Chandramouli, Registrar General and Census Commissioner, India, for his encouragement and valuable guidance for completion of this volume within a timeframe. I thank Shri Deepak Rastogi, Additional Registrar General (C&T), Shri A.P.Singh, Deputy Registrar General (Map), Dr. Pratibha Kumari, Assistant Registrar General (SS) of Office of the Registrar General, India for their guidance at each step in the preparation of DCHB. Special thanks are due to Shri. M.S. Thapa, Additional Director (EDP), Shri Anil Kumar Arora, Joint Director (EDP) and Shri Anurag Gupta, DPA (EDP) without their untiring efforts and support, we could not have completed the District Census Handbooks within this time. They were always willing to listen to our requests and find solution for the problems we faced.

All Departments of the State Government co-operated in giving data for inclusion in the publication. I thank the District Collectors, Tahsildars of every Taluk and Secretaries of Municipal Corporations and Municipalities in the State who painstakingly collected and furnished all the information needed by us. I also thank all the Departments of the State Government who co-operated with us in giving the data, especially, Directorate of Public Instruction, Forest Department, Rural Development Commissionerate, Industries Department, Economics & Statistics Department, Tourism Department and State Planning Board.

My sincere thanks are due to Shri N. Ravichandran, Joint Director of Census Operations for his valuable supervision and guidance for drafting this volume. In the beginning, non census data for District Census

Handbook were collected under the guidance of Smt. P. Girija, then Joint Director of Census Operations. Information for preparation of analytical notes and all data other than Census data were prepared and scrutinized under the guidance of Shri Francis. K. Manuel, Deputy Director, Shri P.P. Joy, Deputy Director and Smt. L. Ajitha, Asst. Director, Shri. A.K. Raman, Statistical Investigator-Gr.I (Retd.) and Smt. Biji.C.R, Statistical Investigator-Gr.II, did a great job of putting all the details together and checking them. My sincere thanks are due to them also. The Statistical Investigators-Gr.II and Compilers who assisted in the work also did a tremendous job. Digitized maps were used in the District Census Handbooks. This has improved the quality of the maps. I thank Shri K. Selvam, Senior Geographer and Shri K. Shasikanth, Senior draughtsman, helped in expediting the work. I am thankful to Shri A.N. Rajeev, Deputy Director, Shri A. Sri Raghu, Asst. Director and Smt. P. Lakshmikutty, Asst. Director and the staff in Census Section for the efforts taken for finalization of the Primary Census Abstract (PCA). My thanks are due to Smt. L. Ajitha, Shri K.Gireesh Kumar, Smt. P. Lakshmikutty, Shri Aswani kumar P.M., Shri Shailendra A. and Shri K. Gnanaprakasam, Assistant Directors for preparation of DCHB Volumes. My sincere thanks are also to Shri Francis K. Manuel, Deputy Director who was in charge of Data Centre and under his guidance and supervision, the data entry of Village Directory and Town Directory could be completed timely. Also he has shaped this particular volume in this way. The effort of many persons have gone into the preparation and publishing of this volume. I take this opportunity to record my gratitude to all of them.

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodities'

manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i) Status and Growth History of towns, (ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities, (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. Taluk wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Censuses. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

BRIEF HISTORY OF THE DISTRICT

Thrissur with its rich history, cultural heritage and archaeological wealth is called the cultural capital of Kerala. From ancient times, this district has played a significant role in the political history of South India. Many rulers and dynasties beginning with the Zamorins of Kozhikode, Tipu Sultan of Mysore and Europeans including the Dutch and the British have had a hand in moulding the destiny of this region. Raja Rama Varma, popularly known as Sakthan Thampuran was the architect of the present Thrissur Town.

The word 'TRICHUR' is the anglicised version of Thrissur which again is the abbreviated form of 'Thrissivaperur' meaning the abode of Lord Siva. The district got its name from the headquarters town. It has recently shed its anglicised name and is now known as 'Thrissur'.

Thrissur District has played a significant role in the history of South India from the pre-historic period to the modern times. Scholars assign the age of the megalithic monuments found in various parts of the district to a period ranging from the third century B.C to the first century A.D or even earlier.

The district played a very important role in fostering trade relations between Kerala and outside world in the ancient and medieval periods. The district also helped to pave the foundation for a composite culture in this part of the country. The sea port of Muziris of the Sangam age is the modern Kodungallur of Thrissur district. It had the unique distinction of being 'Primum Emporium India'. It played host to the three communities of Christians, Jews and the Muslims who contributed to the prosperity of "Malabar". It attracted traders from all over the world viz. Assyrians, Babylonians, Phoenicians, Egyptians, Greeks, Romans, Chinese and Arabs.

During the Sangam age (the first four or five centuries of the Christian era) the whole of the present Thrissur district came under the early Chera Empire. After the Sangam age till the beginning of the 9th century A.D hardly anything is known about the history of Kerala or that of the district. The history of the district from the 9th to the 12th centuries is the history of Kulasekhara of Mahodayapuram and the history since the 12th century is synonymous with the history of the rise and growth of Perumpadappu Swarupam. The Cheras had established their capital at Mahodayapuram which was later moved to Kollam (Quilon) by Rama Varma Kulasekhara Perumal, the last ruler of the second Chera Empire.

But Mahodayapuram continued to enjoy its importance as the seat of Perumpadappu Swarupam for three more centuries from the 13th to the 15th century. Though the early history of the Perumpadappu Swarupam prior to 1500 A.D is not available, the view is that the Perumpadappu Moopil or the ruler of Cochin was the son of a sister of the last Kulasekhara and was hence considered as the direct heir under matrilineal system. This linkage of the Perumpadappu Swarupam with the Kulasekharas of Mahodayapuram had won it the respect and allegiance of the chieftains and of the people, though it was not a major political power till the advent of the Portuguese.

As result of the heavy floods of 1341 A.D the harbour at Kodungallur got completely silted and the port became unfit for trade. In the very same flood the narrow sand banks which separated Cochin from the backwaters were washed off and the present Cochin harbour emerged. And in course of time

the traders at Kodungallur migrated to Cochin and the importance of Kodungallur started dwindling.

One of the landmarks in the history of Perumpadappu Swarupam is the commencement of a new era called Pudu Vaipu Era which commemorates the formation of Vaipin islands consequent on the great deluge.

The 14th and the 15th centuries constituted periods of aggressive wars. During this period the Zamorin of Calicut (belonging to Nediyruppa Swarupam) was aiming at the political suzerainty of the region, which led to war between the Perumpadappu and the Nediyruppa Swarupams. In the wars fought in the 14th and the 15th centuries, the Zamorin occupied large parts of the present Thrissur district. Taking advantage of the dissensions in the Perumpadappu Swarupam, the Zamorin defeated the then ruler of Cochin and took possession of the palace at Thrissur and had a ruler of his choice installed on the throne of Cochin.

When Pedro Alvarez Cabral, the Portuguese Captain came to Cochin on the 24th December, 1500, the ruler of Cochin who had enmity with Zamorin, welcomed him warmly and gave him all trading facilities. This distressed the Zamorin who demanded the expulsion of the Portuguese from Cochin territory. When this was not conceded to, war broke out between the forces of Zamorin and the forces of Cochin assisted by the Portuguese. But in 1513 and again in 1540 the Portuguese entered into treaties with the Zamorins against the wishes of the ruler of Cochin.

The Portuguese continued to dominate the scene till the beginning of the 17th century when its power in Kerala started declining. Internal dissension in the Perumpadappu Swarupam around this period helped the Dutch in getting a footing on the Kerala coast. Kerala Chieftains had aware of the impending doom of the Portuguese and so they looked upon the Dutch as the rising power and welcome them whole heartedly.

The Dutch conquered the port of Cranganore (Kodungallur) and installed Prince Vira Kerala Varma Mootha Thavazhy on the throne of Cochin and entered into a treaty with him. The treaties of 1673 to 1674 gave the Dutch more powers and this triggered off internal dissension in the royal house. The Zamorin along with the Dutch fought against Portuguese and conquered them from places like Mapranam, Arattupuzha, Urakam, Korattikara, Kadavallur etc. These places were not, however, initially handed over to the Raja of Cochin as the Zamorin insisted on the war expenses being met by the former. But later when the Zamorin invaded Irinjalakuda, the Dutch was forced to drive him back and Cochin territories occupied by the Zamorin were handed over to Cochin ruler in 1710. Some more territories of Cochin still remained with the Zamorin which the Dutch took over from him and handed over to Raja Rama Varma after defeating the Zamorin in 1718 with the help of the Raja of Cochin. But the Zamorin again attacked Cochin during 1755-57 and by 1758 the whole of present Thrissur district except a small portion of Thrissur taluk came under the possession of the Zamorin. But King Kerala Varma (1760-75) entered into a treaty with Travancore and defeated Zamorin and took back from him the entire Cochin territory except Perumpadappu and a few other villages in Vanneri before 1763.

From 1769 to 1805 Raja Rama Varma popularly known as Sakthan Thampuram, was at the helm of affairs of Cochin state, though he actually ascended the throne in 1790. He cut the chieftains to size and revamped the administration. However, during his period, Haider Ali of Mysore invaded Cochin and it became a vassalage of Mysore. After Haider Ali's death Tippu Sultan ascended the throne of Mysore. As the king of Cochin declined to co-

operate with Mysore in attacking Travancore, Tippu got sore with Cochin and attacked internally the state from Coimbatore side in 1789. The huge Mysore army devastated areas of the present Thrissur district. Tippu made Thrissur as the headquarters of the areas conquered by him in Kerala. But when Tippu had to make retreat on account of the Srirangapattanam war, the Raja of Cochin entered into a treaty with the East Indian Company. In 1809, the then ruler of Cochin who succeeded Sakthan Thampuran was forced to sign a new treaty with the East India Company, which obliged Cochin to be a subsidiary ally of the British. The period from 1812 in which year Munro was made the Devan of Cochin marked the beginning of a new era of administrative progress.

Thrissur district was in the forefront of the freedom struggle also. In 1919 a Committee of the Indian National Congress had started functioning at Thrissur. In the Civil Disobedience Movement of 1921 several persons courted arrest in Thrissur town and elsewhere in the district. The famous Guruvayoor Satyagraha (1931-32) under the leadership of Sri. K. Kelappan and Sri. A.K. Gopalan roused all round awareness against untouchability and helped the Temple Entry Movement gain momentum in the district. In 1937 a political conference was held at Thrissur under the presidentship of Pattabhi Seetharamayya.

The state experimented on a type of diarchal system of government in which the administration of certain departments was entrusted with an elected member of the legislature to be nominated by Maharaja. Accordingly, Ambat Sivarama Menon of Cochin Congress party became Minister in 1938. But the people were not satisfied with the system and there were agitations for full responsible government based on adult franchise. On the 26th January 1941 a new political organisation called 'Cochin State Praja Mandalam' which subscribed to the aims and objects of Indian National Congress, was formed under the leadership of Sri. V. R. Krishnan Ezhuthassan. The first session of Praja Mandalam was held at Irinjalakuda in January 1942 in the face of measures by the government to prevent it from taking place.

The district was active in the Quit India Movement also. On the 15th August 1942 a public meeting was held at Thrissur to protest against the arrest of Mahatma Gandhi.

Following the decision of the Maharaja of Cochin to transfer all departments of the state government except Law and Order and Finance to the control of Ministers responsible to the state legislature the first popular government of Cochin, consisting of Panampally Govinda Menon, C.R. Iyyunni, K. Ayyappan and T.K. Nair assumed office. Cochin achieved full responsible government after Indian attained Independence in August 1947.

Thrissur District fostered very close link with Aikya Kerala (United Kerala) Movement. The concept of Aikya Kerala was conceived as early as 1928 at the State People's Conference held at Ernakulam. The Cochin Legislative Council which met on the 29th July 1946 under Sri. Kerala Varma, the Maharaja of Cochin, favoured the formation of Kerala State. A sub-committee under the Presidentship of Sri. K.P. Kesava Menon constituted for the purpose met at Cheruthuruthy in late 1946 and resolved to convene an Aikya Kerala Conference. The conference was accordingly held at Thrissur in April 1947. The then Maharaja of Cochin participated in the conference and declared himself in favour of the formation of United Kerala comprising of three administrative units of Malabar, Cochin and Travancore.

The amalgamation of Travancore and Cochin states was done on the 1st July 1949 and the formation of Aikya Kerala later on the 1st November, 1956.

The present Thrissur district is a part of erstwhile Cochin state. Cochin state had formerly been divided into 'Nadus'. Each Nadu was under a chief. This position continued till the regaining of territories from Zamorin in 1763. These Nadus were subsequently divided into 'Kovilakathumvathukkals' or Taluks. Each Taluk was under the control of 'Karyakkar' exercising both judicial and executive powers. The Taluks were further divided into 'Pravarthis'. This lowest unit of administration was managed by 'Pravarthiars' assisted by 'Menons' or Accountants and 'Chandrakkars' or cash-keepers. The taluks were grouped into two divisions – Vadakkemugham and Thekkemugham. Each division was under the control of a 'Sarvadhikaryakkar'. The Cochin areas in the present Thrissur district formed part of the Vakakkemugham or the northern sub-division. Valiya Sarvadhikaryakkar or Prime Minister was the head of the administration. The then Cochin state comprised of 10 Kovilakathumvathukkals (or taluks) viz. Cochin, Kanayannur, Cranganore (Kodungallur), Mukundapuram, Kodasseri, Talappilly, Chelakkara, Enamakkal, Thrissur and Chittoor. In 1860 the number of taluks was reduced. With effect from the 1st July 1949 a new district named Thrissur was formed with 6 taluks of the erstwhile Cochin State viz. Talappilly, Chittoor, Thrissur, Mukundapuram, Cranganore and Cochin-Kanayannur and taluks of erstwhile Travancore areas, namely, Kunnathunad and Parur.

ADMINISTRATIVE SET UP

There are two systems of administrative set up in the district – revenue and local self Government. Under the revenue system the district is divided into Revenue division, Taluks and Villages. Under the local administrative set up, the district is divided into statutory towns and panchayats. For the implementation of developmental activities panchayats are grouped under community development blocks. Therefore all these units viz. taluks, villages, statutory towns, community development blocks and panchayats have their own relevance and importance. This handbook contains data for all these units.

The district comprises of a single revenue division – Thrissur, consisting of 5 taluks and 254 villages. Some of the revenue villages lie partly in towns and the remaining part in rural areas.

Distribution of villages, Towns, Development Blocks and Panchayats as on 31.12.2009

Name of district/ taluks	Total no. of villages	No. of villages falling in				No. of towns		No. of CD blocks	No. of pancha yats
		Rural area		Urban area		Statut ory towns	Census towns		
		Wholly	Partly	Wholly	Partly				
Thrissur district	254	93	5	156	5	7	128	17	92
Talappilly Taluk	74	39	3	32	3	1	29	3	21
Chavakkad Taluk	29	7	-	22	-	2	20	3	16
Thrissur Taluk	74	13	-	61	-	1	45	4	19
Kodungallur Taluk	18	3	-	15	-	1	12	2	10
Mukundapuram Taluk	59	31	2	26	2	2	22	5	27

The following CD blocks and Panchayats lying in more than one Taluk are counted under the Taluks in which they lie partly.

- 1) Mala CD block lies in Kodungallur and Mukundapuram Taluks.
- 2) Parakkadavu CD block lies in Kodungallur Taluk of Thrissur District and Paravur Taluk of Ernakulam District.
- 3) Chalakudy CD block lies in Mukundapuram Taluk of Thrissur District and Kothamangalam Taluk of Ernakulam District.
- 4) Puthenvelikkara Panchayat of Parakkadavu CD block lies in Kodungallur Taluk of Thrissur District and Paravur Taluk of Ernakulam District.
- 5) Athirappally Panchayat of Chakadudy CD block lies in Mukundapuram Taluk of Thrissur District and Kothamangalam Taluk of Ernakulam District.

Jurisdictional Changes during the decade (2001-2011)

In Census terminology, the jurisdictional changes mean more than the changes in the boundary of administrative units. It also means change in the status of administrative units, resulting from its declassification, denotification and up gradation. It further means change in the name of administrative units, etc.

As far as the District Thrissur is concerned, no change in administrative units in name, down to the level of village/ town / CD block / Panchayat happened in the district during the decade. But changes happened at Panchayat ward and Statutory Town ward level..

DISTRICT HIGHLIGHTS – 2011

- Thrissur District came into existence on the 1st July, 1949.
- Among the Coastal Districts, it ranks the third in Area.
- Thrissur is known as the cultural capital of Kerala-Kerala Kalamandalam at Cheruthuruthy, Kerala Sahitya Academy, Kerala Sangeetha Nataka Academy, Kerala Lalithakala Academy, Institute of Fine Arts, Unnayi Warriar Smaraka Kalanilayam are located here.
- Thrissur District ranks the 5th in area among the District.
- In terms of population per sq.km, the District has recorded the 7th position (1031) as against State Density (860).
- The District has recorded the 9th rank in total (35.1 per cent) and 10th position in female work participation rate (18.7 per cent) and the 7th rank in male work participation rate (53.3 per cent).
- The marginal work participation rate of the District is 15.2 per cent.
- The District has the 2nd rank in the percentage of main workers 84.8 per cent.
- With 95.08 per cent, the District occupies the 7th position in literacy rate.
- The District has recorded the 4th rank in sex-ratio (1108).
- In child sex-ratio (0-6 age-group), the District has recorded the 14th position (950).
- With 10.67 per cent, Thrissur has the 4th position in the percentage of SC population and the 12th position in the case of ST population (1.94 per cent).
- 6.7 per cent of workers are agricultural labours occupying 13th rank and the District occupies the 11th Position in the percentage of cultivators (3.8 per cent).
- With a population of 3121200 persons, the District stands the 4th place in the State.
- Thrissur ranks the 4th with 759210 households among the Districts.

Section - I

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of

Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 alongwith a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during Houselisting & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their States/UTs. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area

population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of population distribution and characteristics. A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFOA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is an important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract -District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes -District/C.D. Block/Town.
4. Village Primary Census Abstract -C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.

District Primary Census Abstract

DISTRICT PRIMARY
